Perfumery Workshops

Learn & Create

Join our expert-led workshops designed for fragrance enthusiasts and professionals looking to master perfume formulation.

- Hands-On Training – Learn blending techniques, ingredient selection, and fragrance composition.

- Access to Professional Equipment Experience working with GC-MS and other essential perfumery tools.

- Custom Scent Creation – Formulate your own signature fragrance under expert guidance.

- ✓ Ideal for brands, entrepreneurs, and fragrance lovers.
- ✓ Available for both beginners and advanced perfumers.
- ✓ Certificate of completion provided.

Precision & Innovation in Perfumery

At Kiano Perfume, we utilize Gas Chromatography Mass Spectrometry (GC-MS) to analyze and develop high-quality fragrances. This advanced technology ensures precise formulation, consistency, and authenticity in every scent.

GC-MS Analysis – The Science of Scent

- ✓ Breakdown of Fragrance Components Identifies and quantifies each ingredient.
- ✓ Quality Control & Duplication – Ensures consistency and enables replication of existing scents.
- ✓ Custom Formulation Development – Helps create unique and high-performance fragrances.

Enhance your perfumery skills and knowledge with Kiano Perfume's GC-MS analysis and expert workshops. Contact us to book a session today!
